ABOUT SOUTHBANK

Founded in 1979, Southbank International school is an independent, co-educational day school for students in Pre-K3 through Grade 12. As the first school in the UK to be approved for all three IB Programmes (PYP, MYP and Diploma Programme), Southbank is now a renowned multi-campus institution in the heart of London, and is committed to academic rigour, a liberal ethos, and the values of the International Baccalaureate. Southbank declared itself 'A School Without Walls' which established the school's commitment to using London as a Classroom, and its belief that "openness to the outside world, a readiness to see other points of view and an acceptance of people who may be different from ourselves" was of the utmost importance.

Curriculum

Southbank International School is an accredited IB World school. The International Baccalaureate curriculum is a rigorous, inquiry based programme that encourages students to explore, think independently and be the masters of their own learning. Southbank's mission is to inspire students to develop not only their academic capabilities, but also their capacity to positively influence the world around them as reflective, open-minded, principled, global individuals.

Graduation

Advancement is based on successful completion of the requirements of the IB Diploma/Courses. A minimum of 24 points is required to obtain the IB Diploma. Southbank does not offer a credit system and does not issue a High School Diploma. All students at Southbank are working towards the Middle Years Programme (IB MYP). Students in Grades 9 and 10 follow the eight core MYP subject courses, plus PSHEE, over a two-year period. Students must fulfil all the requirements of the programme in each Grade. The courses follow the IB MYP curricular framework and philosophy. The best preparation for the IBDP is successful completion of the MYP in Grades 9 and 10.

Students are nominated for the Valedictorian Award voted by their peers and the school nominates students for the International Understanding Award at graduation

University Application Limits

We believe that students and universities alike are better served when students make informed choices early in the application process. We therefore limit our Grade 12 students to a maximum of 8 applications. Due to this limit, colleges and universities know that an application from a Southbank student reflects genuine and serious interest.

GPA and Class Rank

Southbank uses the IB assessment system and does not calculate GPA. The international and frequently changing composition of the student body does not permit equitable or accurate comparison of students. Therefore, class rank is not reported as a measure of a student's academic standing. Grades from other schools are not included and are not reported on the Southbank transcript.

Meet The Classes of 2019 and 2020

This year's Grade 12 class has 64 members from 35 countries and regions. The Grade 11 class has 68 members. Each year 100% of our graduates continue to higher education institutions around the world.

Class 2018

Students accessing First Choice of course at University 87.2%

Higher Education and Careers

Southbank is a Cambridge Assessment Admissions Testing Centre for the BMAT and the November and pre-interview assessments used by the University of Oxford and the University of Cambridge. We offer the PSAT in Grade 11 and the Pre-ACT in Grade 10 for students applying to North America.

Students are encouraged to engage in Work Experience from Grade 9 upwards. Students are active in seeking Internship opportunities by connecting with local and global service projects throughout their holiday breaks. Additionally, through Community, Activity and Service (CAS) at Diploma level and Service as Action (SA) at MYP, students create their own meaningful service projects, supporting local, national and international causes.

Extracurricular Opportunities

Southbank offers a dynamic range of extracurricular activities that are both skill-based and rewarding emphasising strengths and enhancing skills across all programmes and campuses.

Students access leadership roles as members of the Student Council, Varsity Teams, and other student-led clubs. A successful performing arts programme includes rock groups, choir, string orchestra, and drama club. Southbank participates in two MUN conferences each year, in Paris and The Hague. Southbank has gained success in preparing for the ten academic events in the USAD since 2007. Robotics Club offers the opportunity to design and build robotic models. Southbank received the First Tech Challenge 2015 Noble Judges Award at the Dutch Open Championship in Eindhoven. The popular Debate Club encourages participation in competitions both nationally and internationally. Southbank were winners in the 2018 Benjamin Franklin Debate Competition in London, taking first and second place. For budding journalists, the Newspaper Club produces 'The Coffee Stain' once a term.

Varsity teams in 7 sports compete in conference play with other schools in the UK and Europe. In keeping with the ethos of the school, each year, students are invited to propose their own student-led clubs. Schools trips include: Tanzania; Morocco; the US and various countries in Europe.

Student records may contain references to the following international school conferences:

- ISA:** Independent Schools Association Sports
- ISSA:** International Schools Sports Association
- GIN:** Global Issues Network (sustainability and environmental issues)
- MUN:** Model United Nations
- USAD:** US Academic Decathlon
- DofE:** Duke of Edinburgh Award
